

Edee Shop

An E-shop that Will Grow with Your Business

- > Has your company outgrown its current e-shop solution?
- > Are you hitting technical and performance barriers?
- > Is your supplier unable to react fast enough to your needs and problems?
- > Do you want to stand out from the competition?

Then Choose Us

We will create a tailor-made solution designed to your exact specifications.

We will interconnect all your systems to maximize potential profits.

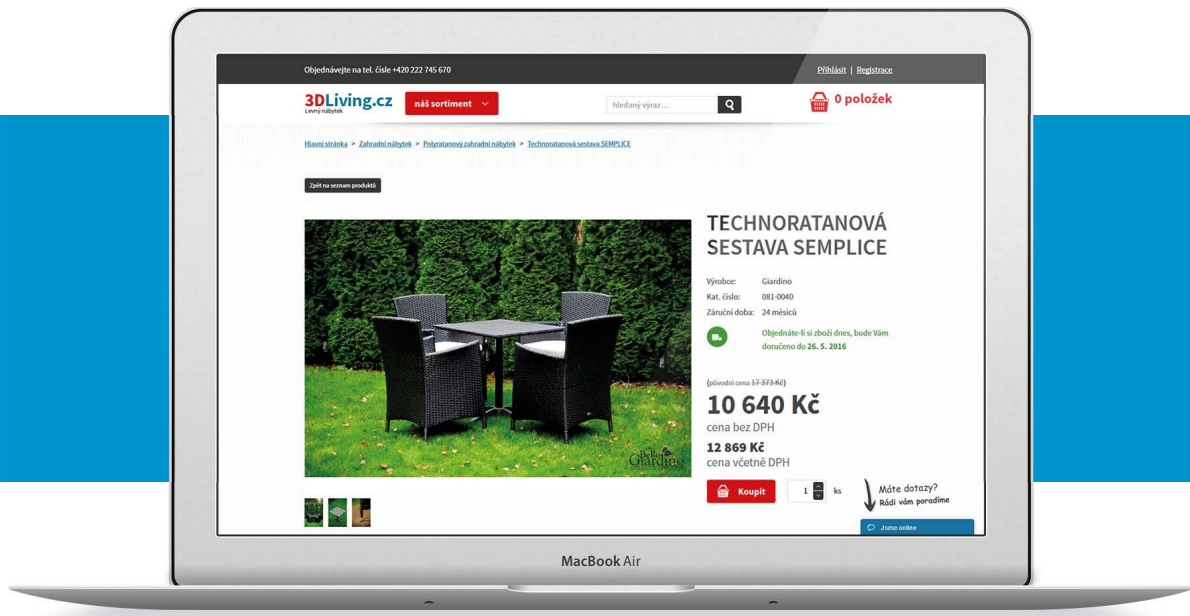

A team of professionals will provide continuous service to ensure no outages and timely upgrades.

Our commitment goes beyond the initial roll out of the web site. We provide long term, comprehensive support.

Bespoke tailors design suits to fit you perfectly

We create tailor-made e-shops perfectly suited for you

Secure Data Collection

In order to meet the changing needs of your customers, you need to understand their behavior on your website. We will provide you with secure and discreet data collection without relying on third parties.

Bonuses, Discounts, Price Lists

You can easily define various price lists and assign them to different groups of customers, offer advantageous product bundles, recommend the goods they need, and entice them for further shopping with the collection of credits, discounts or gift vouchers. This all is easy with Edee Shop.

Newsletter

Knowledge is power, and so your customers should learn about everything that is happening in your e-shop. Inform them in an easy-to-access and simple way – use a newsletter. We will connect your e-shop to a mailing system such as Clever Monitor.

Your business needs an attractive e-shop!
