Bank portal kb.cz

More than 1.75 million visits per month

## Ultimate website for a bank of the 21<sup>st</sup> century

The corporate website of Komerční banka has been re-designed already several times during fifteen years of cooperation. The last one brought in the adjusted information architecture, brand new texts and responsive design thanks to which it can be easily displayed to users on all key devices.

And it is really needed. After all, more than 1.75 million people visit it every month.
